RE: Three Creeks Crossing Subdivision – Preliminary Plat

To whom it may concern, Reference is made to the new development of Three Creeks Crossing Subdivision within the city limits of Hailey. Based upon the preliminary plat we received, CenturyLink has no objections to this new development. In order for CenturyLink to be able to provide service into this new subdivision, a developer contribuition would be required in order to be able to provide fiber service to the subdivision (copper service is no longer available for new subdivisions).

Please call me if you have any questions.

Sincerely,

Tenille Sorenson
