Tom – I know the Animal Shelter is working with Brockway regarding the well analysis. I do not have any of those numbers.

Jim,

Thank you for the letter regarding water at the proposed Animal Shelter of the Wood River Valley. A groundwater permit or right is one thing. Actual water in the lower reaches of Croy Canyon is another. This office has heard of drying wells in the Croy Ck. area. Any sense that enough water exists for your purposes? What is the flow from the current Animal Shelter well? Tom
