Subject: Animal Shelter of the Wood River Valley

Dear Commissioners,

We are writing to ask you to support the Animal Shelter of the WRV's plans to build a new, state-of-the-art facility. The shelter is currently a model for animal rescue organizations, despite working in very cramped and outdated conditions. The work they do is essential in helping the community cope with abandoned and surrendered companion animals, and in reducing pet overpopulation both in our Valley and in neighboring areas.

We are proud to support their vision to improve the quality of care they can provide and to expand their reach. We urge you to approve their plans and applications.

Sincerely,
Mary Bachman and William Downing
