Subject: Camp Rainbow Gold

Dear Blaine County Commissioners ,

I'm sure you no doubt have heard of this story by now, but in the event you haven't I am attaching the story in this email for your reference. Undoubtedly there are two sides to every story, and I am well aware of the media's ability to get headline without the entire story being told. So I am writing to hopefully get the whole story, before I suggest to others to fill your email with complaints.

If indeed residents of Triumph are truly concerned about traffic and water/sewage usage with Camp Rainbow Golds plan to build a permanent home for their camp to help children stricken with the horrors of Cancer then I as a resident of Idaho feel unbelievable shame. I would hope that the County Commissioners of Blaine County and the rest of the local Government represent better judgement and certainly more compassion than the people who used this meeting to turn away a charity in your county.

Would love to receive a response, thank you for your time.

Sincerely,
Jeremi S. Schlader
