Hi Tom,

October 20, 2016

Just to follow up on our brief conversation last week. Can we ask Camp Rainbow Gold to share with all of us a guesstimate of total square footage of their project? Can they include road surfaces and parking lots? We think that could be helpful.

It might also be interesting to see a virtual overall view from the road that would show all the buildings, and the relative scale from that angle.

Thank you!

Cally Galpin and Chuck Christopher
