Subject: Camp Rainbow Gold plans in East Fork

all—I'm sure you are aware of the controversy brewing in East Fork re the large Camp Rainbow Gold complex planned about 2 miles beyond Triumph. I and others have heard rumors that CRG is planning on by-passing the P&Z process and going directly to you for a decision. Should such an avenue exist, I would hope you would insist that the P&Z process precede your deliberations. A project of such magnitude with such far ranging impact for the length of East Fork road and the natural environment beyond, is deserving of full public input and staff review. Allowing that to be short-cut will only further fuel the general public's distrust of folks in elected office that exists broadly today. I am back from vacation and looking forward to cycling Galena Pass to check out the revised roadwork---- Thanks, Clark
