BLAINE COUNTY
LAND USE & BUILDING SERVICES

Hi Dick,
I do not see any benefit to our community to change our Mountain Overlay so a Texas LLC investment group can develop on our Quigley canyon.
Marty

Our first land use issue has come up and I thought you all might be interested in looking at these requested changes to our hillside ordinance and development envelope. I've included both Hailey and County CAT members in this email with a few more included. Hope you can attend this meeting or write a note to the commissioners.

For more details, here's a [link](#) to the county's website.

Send this on to anyone you think might be interested and thanks for your help! This looks like a very questionable change that could set a strong precedent throughout our valley. Remember, the number of messages received or citizens attending the meeting makes a huge difference when the P&Z is considering the greater public's desires vs. the developers.

QUIGLEY CANYON: MAKE YOUR VOICE HEARD!

Did you know that the county is considering a proposal to develop 6 large lots at the mouth of the canyon on the NORTH side?

This would include:

- **MOVING** Quigley Canyon road south of its current location
- **PAVING** one mile of the road
- **MODIFYING** the Mountain Overlay District to be able to build on the hillside

This development would have a major impact on our recreation and our wildlife just to benefit a handful of people.

WRITE A LETTER OR COME TO THE HEARING

**Thurs., June 9, 6 PM
County Courthouse**
