Subject: [EXTERNAL]Please Preserve Quigley Canyon

Some people who received this message don't often get email from marcus_heidi@hotmail.com. [Learn why this is important](#)

Dear County Commissioners-

Quigley Canyon is one of the few open spaces enjoyed by so many in the south end of Blaine county that needs your assistance and guardianship. Citizens who do not have the time or means to make it up north to enjoy the open spaces and nature that brought many of us to this valley rely on areas like Quigley Canyon. These easy access open spaces that are quickly dwindling need your help. The wildlife that depends on these habitats need your help. There are areas closer to the center's core that can be furthered developed- please don't encroach on the areas so many depend on for access to nature. The decisions to develop these historic open spaces will have negative consequences for generations to come. Once it is done there is no going back. Please take a time out to consider these unchanging decisions you are about to make for those that chose to live in this valley for the primary reason of easy access to nature and the preservation of wildlife habitats.

Thank you for your consideration.
Heidi Marcs
