[You don't often get email from veganeska@gmail.com. Learn why this is important at <https://aka.ms/LearnAboutSenderIdentification> ]

To whom it may concern

Please deny the Quigley Ranch estate homes development.

Please consider the valley is at carrying capacity for human development.

Water , sewage and garbage are become issues.

Please use the power you have been given by the people who pay you to make wise , sustainable and less anthropocentric choices/ decisions for our community.

Consider the wildlife and all the other natural resources that are being compromised by the excessive development.

Too many developments are unfinished, there are plenty of lots in the current developments around Hailey.

Spare the canyon anymore disturbance and destruction.

Thank you for your time
