**Subject:** [EXTERNAL]Quigley Canyon

Dear County Commisioners,

As a 31 year local resident of Blaine County I am opposed to the development of homesites and paved roads being proposed at the mouth of Quigley Canyon.

I have been using the dirt road out Quigley for many years now biking, hiking, cross country skiing and running. The increase in usage, especially in the last few years is notable. The amount of wildlife I see out there on a weekly basis is also notable. I have not been out there in years without seeing deer, elk, and raptors.

Proposed development on both north and south sides of the current road would mar the landscape and create unwelcome sight lines in this beautiful valley. Hillsides are beautiful backdrops to our incredible valley and by allowing the houses to be built to the north will compromise these views. In addition, the wildlife would most certainly be affected.

Please strongly consider not allowing the proposed development to happen.

Sincerely,

Jennifer Schwartz
