Dear Blaine County Commissioners,

I am writing to urge you to oppose the Quigley Canyon housing development.

The scope and scale of this development would forever change a beautiful part of Blaine County. Quigley is a refuge, not only for the animals that live and travel through the area but those of us fortunate enough to recreate responsibly there. These large houes and lots off a newly paved road, and along the hillside, would forever destroy the idyllic environment. It is the wrong approach for building housing in the area. I strongly urge you to oppose this development project. Please protect our wildlife and our environment.

Sincerely,

Diana Gregory Horner  
Hailey resident
