Dear Angenie,

I appreciate your careful consideration of the proposed Quigley Ranch plan and hope that you will support the work, findings and vote to deny this request as the County P & Z did. The reasons are many including wildlife range, recreation, and lack of conforming to set standards and regulations. I do understand that land owners/ developers have rights, but I don't see how the desire to develop gives rights to pave and move a county road and change hillside ordinances. At the very least please keep these discussions open to public comment by not moving to private mediation as has been requested.

Thank you for your service and for continuing to support the health of our community, including the surrounding environment and wildlife.

Sincerely,

Mary Kay Foley
