(This comment was also submitted directly to county commissioners)

Dear Commissioners McCleary and Davis,

I do not live in Hailey, but I fully support the DENIAL of Quigley Ranch. We're losing valuable it stop? Long time locals never thought this valley would turn into what Park City / Vail / Asp developments like this on the hillside and in unwelcome natural areas that need to be protect

This valley corridor and all its canyons can only take so much. We cannot continue to keep bu that so many long time locals and friends are looking for other small towns to move to becaus

Please do not allow a mediation and please vote against this project. The public needs to be in comments in this thread and hope our voices are being heard.

Thank you for your time.
